

A TRAIN DITCHED BY BOLD BANDITS

Masked Robbers Work at Waupaca, Wisconsin, Last Night.

DYNAMITE USED ON THE EXPRESS SAFE.

Wisconsin Central Passenger Stopped By Masked Men in a Swamp and the Engineer and Fireman Covered With Rifles—Robbers Got Very Little Plunder and Made Their Escape—Passengers Not Molested—Posse in Pursuit.

Waupaca, Wis., Sept. 20.—Masked robbers held and tried to rob passenger and mail train No. 2 of the Wisconsin Central railroad in a swamp three miles west of this city at 9:30 o'clock last night. The engine and baggage car were ditched, and dynamite was used in considerable quantities in the futile effort to break open the safe. The 150 passengers were terrified by the accident and more terrified when bullets began to whiz through the windows of the coaches. None of the passengers were robbed, however. The bandits gave them a scare only to prevent interference with their plan to loot the safe. When they were unable to crack the safe they took to their heels. Sheriff Peterson of Waupaca was on the train at the time of the hold-up, and he at once organized a posse of twelve men and they are now in pursuit. It is now thought there were only three robbers, two of whom can be identified, as they made no attempt to conceal their faces.

The train reached the spot where the robbery took place at 9:30 o'clock. The distance from the city is so short and the nature of the ground so peculiar that the train had scarcely regained full speed when the engine was told to stop and felt his engine tottering over while the rails spread. He jumped with the fireman and both were promptly covered with short rifles and ordered to stand where they were, while others of the gang amused themselves in an indiscriminate discharge of bullets into the sides of the coaches and through the windows. Fortunately none of the bullets struck any of the passengers, although the bandits were calmly indifferent on this point.

The portion of the gang detailed to get at the money in the safe entered the express car and forced the messenger to give up his keys. The lock is a time lock, however, and they were unable to get the safe open. Then the miscreants took dynamite and attempted to blow it open. Twelve sticks in all were used, but the safe refused to be blown, and the robbers had to retire unsatisfied, although they wrecked a part of the car. They made so much racket with their explosives that they feared a surprise from the authorities and fled with very little plunder.

The robbers were evidently old hands, as everything was done in the most methodical manner. They piled ties on the track several feet thick. Then they removed the bolts from the fish plates at the end of one rail and took all the spikes out along it, thus making it certain that the engine would be derailed in case the engineer failed to obey the signal to halt. They signaled the engineer just in time to avoid a collision with the ties on the track, but not soon enough to prevent the ditching of the engine. Then they quietly took possession and made the most desperate effort on record to get into the safe. The firing of the shots could be heard for quite a distance and sounded much like a small battle.

Bombs Thrown at a Train.

Phoenix, Ariz., Sept. 20.—An attempt was made before daylight yesterday to hold up the south-bound Santa Fe, Prescott and Phoenix passenger train near Vulture. Two bombs were thrown at the express car and fell short. The explosion nearly derailed the express car. The engineer opened the throttle, going at full speed. Officers are in pursuit.

Negro Lynched in Alabama.

Texarkana, Ark., Sept. 20.—A mob of 300 men held up the Cotton Belt passenger train last night at Danceville and took a negro prisoner from the sheriff of Boshler parish, Louisiana, and made off through the woods with him. The negro was charged with criminally assaulting a white woman at Benton, La. There is little doubt he was lynched.

German Baptist Conference.

Cleveland, O., Sept. 20.—The annual meeting of the central conference of the German Baptist church, representing Ohio, Indiana, Illinois, Michigan and Kentucky, began yesterday. Reports were heard and committees appointed. At the conclusion of the business on hand the delegates will go in a body to Dayton, O., to attend the triennial session of the church's general conference.

McDonald Will Case Ended.

Indianapolis, Ind., Sept. 20.—The Supreme court yesterday affirmed the McDonald will case. Mrs. Joseph E. McDonald, widow of the senator, was the defendant in the suit, which was brought by the heirs.

FORTY-FIVE DIE IN A CRUISER.

Spanish Man-of-War Sunk By a Merchant Vessel Near Havana.

Havana, Sept. 20.—The cruiser Barcastegui was wrecked at midnight by coming in collision with the merchant steamer Mortera in the canal at the entrance of the port of Havana.

Following is a list of the dead: ADMIRAL PAREJO. CAPTAIN YBANEZ. FIRST-LIEUTENANT LOPEZ AL-DAZAJO.

SECOND-LIEUTENANT JUNCO. SECOND-LIEUTENANT SOTO. SECOND-LIEUTENANT CANAJO. DR. MARTIN.

ENGINEER PUEYO. MACHINIST ZARZUELA. Thirty-six of the crew.

The cruiser Barcastegui has been employed in going on government business between different parts of the island of Cuba. She left here at midnight Wednesday night with Admiral Delgado Parejo on board. On reaching the mouth of the harbor, close to Moro Fort, the Barcastegui came in collision with the Mortera, a steamer engaged in the coastwise trade. The Mortera struck the cruiser on the starboard and so badly injured her that she sank at once. The Mortera, though badly damaged, stood off to give assistance to those on board the Barcastegui.

Admiral Delgado Parejo was the last man to leave the cruiser, being taken off in a rowboat, which was about to start for the shore when the suction occasioned by the sinking of the Barcastegui carried the boat down and all on board were drowned. The total loss of life is now set at forty-six.

The gay streamers and flags that have decorated the city in welcome of the soldiers who have arrived from Spain have been taken down and replaced by draperies of black. The city is in mourning throughout for the admiral and the officers and crew of the Barcastegui.

PASSENGERS SAVED.

Netherlands-American Steamer Sunk in the English Channel.

Plymouth, England, Sept. 20.—The steamer Beresford has arrived here, having in tow the trawler Vulture of Brixham and four ship's boats, containing the captain, crew and passengers of the Netherlands-American Steamship company's steamship Edam of Rotterdam, from New York bound for Amsterdam.

At 1 o'clock yesterday the Edam collided with the Turkistan when fifty miles southeast of Start Point. The collision occurred in a dense fog. The Edam foundered and the Turkistan was lost to view in the fog. The captain, crew and passengers of the Edam, who had taken to the boats immediately after the collision, were picked up by the trawler.

New York, Sept. 20.—The Edam, Capt. Brunson, sailed from this port Sept. 5, bound for Amsterdam. On this trip she carried no cabin passengers. The following is a list of the steerage passengers who sailed on the steamer Edam from New York Sept. 5 for Amsterdam: Job Hub, J. Wisniewski, M. Sujecki, W. Kazyniak, C. Nalbach and child, P. Bender, M. Friedman, Z. Breslin and children, A. Haug, D. Hencken, S. Stachetky, S. Scroks, B. Josef, J. Mundo, George Zinck, G. Haslak, E. Hansen, M. Reynkiewicz, H. Walicki, J. Tono, M. Manuirtin, M. Okrasko, H. Densinger, F. Gersier, P. Worten, S. Nichols, L. Saug, B. Waszil, J. Ondovassin, V. Korol, D. Gyorg and child, D. Erzebet, J. Zinck, R. Chaykun and three children, F. Hensen, J. Juag, G. Gribus, D. Schmidt and infant, L. Funnel.

Trusted Employees Abscond.

Chicago, Sept. 19.—Close on the heels of Receiving Teller Van Bokkelen's \$35,000 defalcation from the Merchants' Loan and Trust Company comes the discovery that two trusted employees of the National Bank of Illinois have disappeared, leaving a shortage variously estimated at from \$20,000 to \$40,000. Who the guilty men are President Geo. Schneider and Cashier Carl Moll refuse to disclose. All they will say concerning the identity of the absconders is that one was receiving teller, the other a paying teller, and that the amount they have stolen is \$19,800. Both of the defaulters have been with the National Bank of Illinois for years.

Ishpeming Miners Give In.

Marquette, Mich., Sept. 20.—The strike of the Ishpeming and Negaunee miners was declared off by a vote of the men at their meeting yesterday. They will now go to work as work is given them under the scale submitted to them by the companies during the second week of the strike. Double shifts are being worked at the steam shovels at several of the mines, and ore from the stock piles is going forward rapidly now.

Injured in a Mine Explosion.

Buena Vista, Col., Sept. 20.—A disastrous explosion of powder occurred in the Mary Murphy mine, at St. Elmo twenty-five miles from here last night. At least four men were seriously injured. The telegraph office is closed and further particulars are not obtainable.

Methodists at Canton, Ohio.

Canton, O., Sept. 20.—Yesterday's session of the East Ohio Methodist conference was given up entirely to the hearing of reports. The contest for delegates will be held to-day.

TERRIFIC CYCLONE SWEEPED A COUNTY

NORTHERN WISCONSIN VISITED BY A TORNADO.

Farmers Lose Heavily As Crops and Buildings Are Swept Away—Twenty Mile Swath Was Cut—Governor Upham's Leg Broken By a Fall—State Specials.

Green Bay, Wis., Sept. 20.—News has reached here that a terrific cyclone swept over the Door County Peninsula Wednesday, demolishing fully thirty buildings. The principal loss was suffered by farmers. At Clay Banks the large Shiloh Church was twisted from its foundations, lifted bodily into the air and dumped bottom up several rods from its site. For a distance of twenty miles the cyclone cut a swath through timber and across farms, leveling everything before it. Not a building in its path escaped destruction. No one was killed and only two persons are known to have been hurt.

Anti-Liquor Men Defeated.

Milwaukee, Wis., Sept. 20.—The anti-liquor people were defeated at the annual meeting of the Wisconsin Agricultural society last night. President S. D. Hubbard of Mondovi was re-elected without opposition. Secretary T. J. Fleming of North Greenfield, who was opposed by the anti-beer element, was re-elected by a vote of 330 to 73 for Charles H. Everett of Beloit. Treasurer M. O. Dayne of Madison was again chosen without opposition.

Governor Upham Injured.

Chattanooga, Tenn., Sept. 20.—The first accident since the dedication festivities happened yesterday when Governor Upham of Wisconsin jumped from a drag while driving up Lookout mountain and broke the smaller bone of his right leg just above the ankle. The accident will detain Governor Upham here for an indefinite time. It is greatly regretted.

ATLANTA'S SECOND DAY.

Attendance at the Exposition Not Very Large as Yet.

Atlanta, Ga., Sept. 20.—The second day at the exposition showed a great deal had been accomplished during the night. Exhibits are being put in place rapidly, and the bulk of the work will be done within a week, then it will be plain sailing. Big crowds are not expected until October. The attendance was not large yesterday, and probably will not be for a week or more. However, large numbers of Grand Army people are expected, Blue and Gray day Saturday.

One hundred Georgia editors arrived in town early in the morning and spent the day pleasantly. They held a meeting at the Auditorium within the grounds, but the exercises there were cut short. The "color line" among women will not obtrude itself into the Atlanta exposition. The situation is simplified by the official recognition of the negro in the negro building, and this circumstance might naturally be supposed to afford a temporary solution of this vexed question. A genuine Mexican bull-fight, with snorting bulls, gored horses, and dashing, gold-spangled torreadors, is going to be the innovation at Atlanta. Much opposition to this feature is shown, but the directors are going forward with it.

New Jersey Republicans Nominate.

Trenton, N. J., Sept. 20.—The republican state convention met here yesterday and nominated John W. Griggs of Union county, ex-state senator and a prominent lawyer, for governor. Because of the fact that the republicans are very hopeful of success this fall the convention attracted to the city more of the rank and file of the party than has been seen at a similar gathering for over twenty years, and there was a genuine effort on the part of half a dozen gentlemen to secure the nomination. Upon the questions of national import the platform says: "We reaffirm our devotion to the national policy of our party; our opposition to any attempt to impose upon this country a debased or depreciated currency, and our firm belief in the wisdom and beneficence of a tax upon imports which will afford protection to American industry and adequate revenue."

Indiana Methodist Conference.

Indianapolis, Ind., Sept. 20.—At the Methodist conference yesterday reports were heard from presiding elders of several districts. The New Albany district reported 1,350 conversions and Vincennes district 1,800 in the last year. The woman question is up for discussion to-day in the selection of delegates to the general conference, and the discussions are expected to be quite pointed.

American Filibusters Sentenced.

Madrid, Sept. 20.—An official dispatch from Havana says that a court-martial has condemned the captain of the American steamer Mascotte to eight years' and the fireman to ten years' imprisonment at hard labor for landing cartridges in Cuba for the insurgents.

Cholera Destroying Hogs.

Lacon, Ill., Sept. 20.—Cholera is destroying whole droves of hogs in Marshall county. John Socon, of La Prairie township, places his loss by cholera at \$2,000.

THE BLUE AND GRAY NOW MEET IN PEACE

THE TWO ARMIES COMMINGLE AT CHICKAMAUGA.

Impressive Ceremonies Took Place Yesterday—Vice-President Stevenson Presides On Snodgrass Hill—Orations by General Palmer, Gordon and Longstreet and Col. Duffield.

Chattanooga, Tenn., Sept. 20.—One of the bloodiest battle-fields the world ever saw was formally dedicated here yesterday as a pleasure park for the edification and enjoyment of the American people for all time. It was the dedication of the battle-field of Chickamauga, whose beautiful ravines and mountain sides were strewn with nearly 30,000 dead and wounded men thirty-two years ago. The dedication was conducted by men who thirty-two years ago fought in that awful strife; men who at that time sought each others' lives.

Two generals, with silver gray hair, who headed thousands of men in the fray on opposite sides, made the principal speeches at the dedication. They were Generals John M. Palmer and John B. Gordon. The feud which stirred them to strife then has been blotted

VICE-PRESIDENT STEVENSON. out and they and their followers are as brothers of one nation and of one family. The dedication was witnessed by no less than 50,000 people of the north and south, and at least half of them took part in that bloody civil war of which Chickamauga battle was a part.

The ceremonies took place at Snodgrass Hill, whose sides for miles were so thickly covered with dead thirty-two years ago that the survivors say one could walk all over it from crest to base, stepping from one prostrate body to another. Vice-President A. E. Stevenson presided over the exercises. The meeting was called to order at 12 o'clock, and at that hour Snodgrass Hill was covered with people. The great natural area selected by the national commission on Snodgrass Hill was so arranged that nearly everyone of the tens of thousands of auditors could hear the speeches and addresses throughout. By way of beginning there was a national salute of forty-four guns by the artillery, followed by the "Star Spangled Banner," played by one of the United States infantry bands. It was cheered to the echo by veterans of the blue and of the gray, and in their patriotic enthusiasm many of the grizzled old veterans shed tears of joy. When the applause had ceased Vice-President Stevenson made a brief address, appropriate to the occasion.

When Mr. Stevenson had finished prayer was offered by Rt. Rev. Bishop Gailor of Tennessee. "America," the beautiful national anthem, was then sung by the audience, accompanied by the band, and every one of the fifty thousand people assembled, blue and gray, sang it as inspired.

General John M. Palmer, the venerable senator from Illinois, who thirty-two years ago risked his life on the bat-

SENATOR PALMER.

tlefield, made the first dedicatory address. He became grandly eloquent as he advanced in his address, and his eloquence was fully appreciated and at frequent intervals applauded with a vigor that showed the audience was in touch with him.

Another patriotic song followed General Palmer's speech, and then the battle-scarred veteran of the confederacy, whom Lee called his "right arm," John B. Gordon of Georgia, was introduced. He was greeted with no less applause than was accorded General Palmer, and he spoke with fully as much enthusiasm, feeling and patriotism. Those who have heard General Gordon before said it was the effort of his life.

The next person introduced was General James Longstreet. He was wildly applauded at the close of his speech. Then the vast assemblage sang "Auld Lang Syne," every body joining. The ceremonies were closed with the benediction.

Prior to the official exercises the

Michigan monuments were dedicated with brief and simple ceremonies. The Michigan legislature appropriated \$20,000 for the erection of monuments to the eleven commands that participated in the battle of Chickamauga, when 600 brave Michigan men were left dead on the field, and hundreds more were wounded and taken prisoners. The monuments are of granite and bronze, that of the Ninth infantry being a statue of General John C. Parkhurst, six feet in height and standing on a base rising six feet. In addition to the eleven monuments, thirteen markers have been erected to locate the subordinate positions occupied by the different commands during the great engagement. The oration was delivered by Colonel Henry H. Duffield of Detroit. In the evening there were exercises conducted by the Society of the Army

GENERAL GORDON.

of Tennessee (union) and the Army of Tennessee (confederate). General Granville N. Dodge of Iowa presided and orations were delivered by General O. O. Howard, U. S. A., and General Joseph Wheeler of Alabama.

The dedicatory exercises are the termination of five years' work on the part of the government in the making of this military park. Originally, \$125,000 was appropriated by congress for the purchase of the land, the park comprising 7,000 acres. Tennessee and Georgia also ceded to the government ten of the roads connecting the different fields of battle, amounting to forty-two miles. Of the monuments, Ohio heads the list with fifty-five, at a total cost of \$35,000. New York made an appropriation of \$87,000. Illinois will have thirty-seven monuments, at a total cost of \$67,000; Indiana, thirty-three, at a cost of \$40,000; Wisconsin eleven, at a cost of \$20,500; Michigan twelve, at a cost of \$20,000; Minnesota five, at a cost of \$15,000; Missouri five, at a cost of \$5,000. The total number of state monuments will be 171 and the aggregate cost \$355,000.

The old soldiers have found a touch of realism in the field in the shape of 150 mounted cannon, which have been distributed so that they mark the positions of the various batteries. Chief of Ordnance General D. W. Flagg and his assistant, Captain V. McNally, ransacked all the arsenals of the country to procure old cannon used in these fights, obtaining guns used by thirty-five union and thirty-nine confederate batteries. They are mounted on cast-iron carriages, painted so as to represent those used in the battle.

THE BOODLE CHARGES.

Important Testimony Before the Sangamon County (Ill.) Grand Jury.

Springfield, Ill., Sept. 20.—There was a lull yesterday in the legislative boodle investigation by the grand jury, owing to the absence of witnesses, and other matters engaged attention. It is thought little more will be accomplished this week, as the witnesses for whom subpoenas were first issued have been heard, and some time will be required to get service on new men whose names have been given to the jury by the early witnesses. The jury will not sit next week owing to the state fair. It may close up its business and adjourn finally on Saturday next, but the probability is that it will simply take a recess until after the fair.

George Lechrone, secretary of the state board of live stock commissioners and member of the legislature from Effingham county, went before the jury as a witness. It is understood that his testimony related solely to statements made to him regarding the use of money in the attempt to pass the so-called perpetual monopoly bills over the governor's veto. Representative Pickrell of Union county was the only other witness examined. His testimony related to the defeat of his bill placing the express companies under the jurisdiction of the railroad and warehouse commission. The bill passed the house and was killed in the senate. During the session Pickrell stated that he had been approached by a senator from the south part of the state who told him he had better give up his fight to have the bill pass and get what he could out of it. The name of this senator Mr. Pickrell gave to the foreman of the jury.

Conference at Albion, Mich.

Albion, Mich., Sept. 20.—At the Michigan Methodist Episcopal conference yesterday reports by the presiding elders were resumed, the tenor of them being that there had been a growth spiritually and materially, but a shortage in the benevolence due largely to the stringency of the times. The report of Albion college by President L. R. Fliske was read, showing an increasing prosperity, though the debt is still heavy. The Educational society elected Rev. A. E. Craig, Benton Harbor, president.

GREEN BAY SWEEP BY A GREAT FIRE

Murphy Lumber Company's Plant And Yards Burn.

THE FINANCIAL LOSS MAY EXCEED \$100,000.

Blaze Started Late At Night and at 1:30 O'clock a. m. It Looked As If It Would Get Beyond Control, As a Howling Gale Fanned the Tongues of Flame to Fury But the Department Finally Controlled It—Other Fires.

Green Bay, Sept. 20.—[Special]—The large saw mill of the Murphy Lumber Company was destroyed by fire early this morning, together with the tramway, lumber piles, etc., entailing a loss of \$100,000 or more.

The fire at 1:30 a. m. was burning with undiminished vigor and the wind blew a perfect gale. The firemen made a heroic effort to save the immense lumber piles, but it was feared that their work would be in vain, as the wind fanned the flames into fury, licking up pile after pile of lumber. The blaze was finally gotten under control.

Hudson, Wis., Sept. 20.—[Special]—The City Hotel owned by Thomas Foley, burned early this morning and the loss is \$40,000 with insurance amounting to \$20,000. The guests were awakened in time and all escaped without injury.

Seven Acres of Buildings Burned.

Cincinnati, Ohio, Sept. 20.—Fire last night at Trautman's station, eight miles below the city, destroyed seven acres of buildings of the Cincinnati Desiccating company, where an artificial fertilizer is made. The loss is \$200,000, well insured. The origin of the fire is unknown. There were no efficient means of fighting it. Thirty freight cars were also burned.

Big Fire at Alder, Minn.

Minneapolis, Minn., Sept. 20.—An Alder, Minn., special says: A fire broke out yesterday, and burned fourteen stores, a church, a newspaper office and several other buildings. No estimate of the losses and insurance is yet possible.

Central Illinois M. E. Conference.

Peoria, Ill., Sept. 20.—The second day's session of the Central Illinois Methodist conference passed off pleasantly yesterday. Dr. R. G. Palmer offered a resolution that when a presiding elder had served six consecutive years on a district he be returned to the pastorate. This was carried. Dr. Palmer offered another resolution asking the bishop to reduce the conference districts from seven to five, which was adopted by a vote of 113 to 38. The election of delegates to the general conference comes up this morning, the ministers being entitled to five delegates and the lay portion of the conference to two. There are about a dozen avowed candidates in each class.

Oddfellows Will Meet at Dallas.

Atlantic City, N. J., Sept. 20.—At yesterday's session of the sovereign grand lodge, I. O. O. F., the amendment providing for a grand representative must be a past grand in good standing and a member of the lodge in good standing; that he must have received the royal purple degree and as a member in good standing of a Rebekah lodge, was indefinitely postponed. The proposition to repeal the eligibility clause of the Rebekah code of laws, which made eligible to membership all married white women of good moral character 18 years of age and upward were defeated. Dallas, Tex., was chosen as the next place of meeting.

A West Virginia Sensation.

Charleston, W. Va., Sept. 20.—The county court of Kanawha county July 1 employed W. F. Rogers of Baltimore to make an expert examination of all the books, papers and vouchers of the county and county officers. He says there is a deficit of \$59,000, for the most part of which there is no account to show what became of it. The books have not been kept according to law. The report does not locate the blame, and the board has not acted. The affair has caused a great sensation.

Insurgents Destroying Property.

Havana, Sept. 20.—A band of insurgents are reported to have burned the San Jose plantation, in the district of Sagua la Grande. The insurgents have taken Jumento, in the district of Trinidad, making prisoners of one corporal, two volunteers, and eighteen citizens. The railroad station at Manacas, district of Sagua la Grande, has been burned by insurgents. The loss of property amounts to \$18,000.

French Force Landed in Brazil.

Rio Janeiro, Sept. 20.—Dispatches from Para announce that a French force has landed north of Amapa, and has blockaded Concani, near where the fighting occurred last May. Gov. Cabral, who was prominent in the former fighting, is preparing to resist the French. The trouble in May in the frontier district between Brazil and French Guiana has given rise to a great deal of bitter controversy between the two governments.

WHO GETS THE CASH THE CHURCH OR SON

BALLONE WILL CASE IS AN INTERESTING ONE.

The Contestant Frank Ballone of this City, Alleges that Undue Influence Was Used Over His Father By Those Interested In St. Joseph's Catholic Church of Baraboo.

Much interest centers just now in the contest of the will of Jacob Ballone, of Baraboo, by his son, Frank Ballone of this city, as the case has a tinge of romance in it and there is \$7,500 at stake. Fethers, Jeffris & Fifield have charge of Ballone's interests and the suit came up at Baraboo. Several years ago Mr. and Mrs. Ballone adopted a son, Frank Ballone, who, when about sixteen years of age, left the home of his parents. While he was away, it is stated that Jacob Ballone made a will in which all the property should go to his wife. At that same time and with the same witnesses, Mrs. Ballone made a will in which all the property should go to her husband. After Mrs. Ballone died her husband made a new will in which \$300 should go to the principal contestant, Frank J. Ballone of Janesville, \$300 to a niece, \$300 to a nephew, \$300 to another niece and the remainder to St. Joseph's Catholic church of Baraboo.

Say Influence Was Used. Frank Ballone objected to this arrangement, on the grounds that Mr. Ballone was not mentally capable of making a will and that he was unduly influenced by the persons most closely associated and interested in the welfare of the church.

Mrs. James Benton a niece of Mr. Ballone, testified that her uncle was not a Roman Catholic, nor her aunt to her knowledge that they never attended a Catholic church and that they were married by a Methodist minister. One day she saw Rev. Father Durward approach the house and she told her uncle that he was coming. To this her uncle replied: "What in thunder does he want here?"

She further said that the priest came in, that he asked for a drink of water and that when she gave it to him she closed the door in her face.

Said He Had Paid Him. When the caller went away her uncle said:

"I have paid him and am now through with him." Once afterwards Rev. Durward came back. When witness asked him what he thought of her uncle's condition he replied: "We will leave him in the hands of God."

David Matthys, a nephew, testified that Mr. Ballone had told him that he did not want the priest to come but perhaps it was all right. It was also brought out that the deceased told the witness that the Catholics were trying to get him to will his property to the church but the deceased said he should certainly be foolish to do such a thing. The witness also said that he knew of his uncle's intentions to make a will in favor of the Catholic church but made no objection to it.

John Donoghue testified that it was he who went for the priest for the reason that Mr. Ballone wanted to see him as he wanted his wife buried in the Catholic cemetery. Donoghue also stated that at first the priest refused to do so because she was not a good Catholic but at last said he would after he had been convinced that this procedure would save the soul of Mr. Ballone.

Said Nothing of Money.

Donoghue also said that during the conversation with the priest that neither money nor property was mentioned in connection with getting the priest's consent as to the funeral and burial of Mrs. Ballone but that the only influence brought to bear was that it would bring Mr. Ballone into the pale of the church and thus save his soul.

John P. Durward, pastor of St. Joseph's church, said that he did not remember about anything being said concerning the disposition of his property or concerning Frank. He also said that he asked Mrs. Benton for the water to be used in the religious service, and that he did not slam the door in her face, but closed it as any person would. At another time Mr. Ballone told him that he had willed his property to the four legatees and the church, and it was decided that the money should go to the building of a new church.

After the testimony closed there was a verbal stipulation that the matter be continued to the November term unless sooner taken up, at a time to be fixed upon by mutual agreement.

YOUNG PEOPLE GUESSED ON BOOKS

Miss Irene Lane Presents Unconventional Entertainment for Twenty Guests.

Miss Irene Lane entertained a company of young people in unconventional fashion last evening. An hour was spent in guessing the titles of books and pictures represented by odd combinations of trinkets, then there was an hour of card playing, only one hand being played at each table, and the changes being rapid. Ed. J. Stevens bore off the prize in the name contest, and W. A. Jackson and Miss Franc Bunker the others. Those present were:

Misses—W. A. Jackson, Alice Ruger, Elizabeth Norcross, Lou Carpenter, Abbie Prichard, Frank Bunker, Mae Stevens, Grace Turner, Marjorie Wiggin.

Messes—J. V. Norcross, A. L. Schaller, W. F. Cowles, George Kimball, J. C. Wilmarth, Frank Yankirk, E. J. Stevens, Dr. R. J. Hart, George W. Sale.

THE BIG ELKHORN FAIR.

The Walworth County Agricultural Exhibit will be a Fine One.

Beginning next Tuesday and lasting over Friday are the days selected for the holding of the Walworth county fair at Elkhorn. This fair has always been crowded with visitors at its yearly meetings. People went with the expectation of seeing a great exhibit and a well planned program and were never disappointed. This years event calculated to outstrip previous efforts and with the attractions scheduled the words of the management that "this will be the greatest fair Wisconsin has ever seen" will no doubt prove to be authentic. The race purses amount to \$2,750 which will bring many good horses together, and \$5000 in premiums cannot help insuring the finest display. Remember the fair is to be held at Elkhorn Tuesday, Wednesday Thursday and Friday of next week.

MISS WELSH GIVES A PARTY.

Entertains Her Friends in a Charming Manner Last Evening.

Miss Etta Welsh entertained a company of friends in a charming manner last evening, at the home of her parents, Mr. and Mrs. John Welsh, on Pleasant street. Supper was served at 7 o'clock and the guests all report a very pleasant time. Those present were:

Misses—May Conroy, Annie Luby, Rosie Loebe, Alice Ludden, Kate Driscoll, Mamie Fox, Kittie McCarthy, Irene Welch, Rosie Hefferon, Mamie George, Maggie Conroy, Lulu Foley, Mamie Dolan.

Messes—Johnnie McCarthy, George Casey, Willie Welch, Eddie Welch, Jamie Joyce, Dannie McCarthy, Frank Driscoll, Willie Joyce, Marie McCarthy.

T. J. FLEMMING IS RE-ELECTED

Rock County Man Was Defeated at Milwaukee Last Night.

T. J. Fleming was re-elected secretary of the State Agricultural society at the annual meeting held at Milwaukee last evening. His principal competitor was C. H. Everett of the town of Turtle, who represented the anti liquor element. The vote:

T. J. Fleming.....330
Charles H. Everett.....73
John M. True.....1

Total.....404
On motion of George Kellogg of Janesville, the secretary cast the ballot of the society for M. R. Doyon for treasurer.

S. D. Hutbard of Buffalo was re-elected president by acclamation and E. B. Heimstreet of this city was chosen as a member of the executive board.

C & N. W. PUTTING UP COPPER WIRE

Lines in the Switch Yards Are Now Being Rebuilt.

Superintendent Edward Smith of the Chicago & Northwestern telegraph service and a crew of men, began work this morning replacing the galvanized iron wire in the switch yards with copper. This move is made necessary by the fact that the coal smoke from the locomotives has a chemical action on the iron wire, corroding and eating into it, until it is liable to break under the weight of the first coating of fall snow and sleet. Many iron wire lines give out in less than five years, while copper lasts indefinitely as the smoke does not affect it.

A Small Family

Could not do better than to either correspond or see us on the sale or rental of the house and lot we have facing Riverview Park. The house is heated by steam radiator in every room, and fine Magee range in kitchen, connected with hot and cold water, bath room, water closet, stationary laundry tubs, perfect sewerage and shades for all windows, newly papered, hard wood floor. In fact, is a model house and just right for a small family. Carriage house line passes the door and within two and a half blocks of the street cars. We are the boys for business. Will sell, rent or trade to some one. Lowell Hardware Co., Milwaukee street.

A FILTER INSIDE YOU.

HOW YOUR BLOOD IS KEPT PURE.

Health Comes From Pure Blood. Pure Blood Depends On Your Filter Inside You.

Your Kidneys Keep Your Blood Pure If They Are Well. A Few Facts About Them, and How to Make Them Well When They Are Sick.

Your blood is what nourishes your body.

New blood is made every minute. It goes to the lungs, gets fresh air, and then passes through the body. In passing, it deposits new flesh, fat, bones, etc., and takes up worn out matter.

This worn out matter goes to the kidneys. The kidneys filter it out of the blood and throw it out of the body.

That is, when they are well, they do.

When your kidneys are well, they act as perfect filters, to keep the blood pure. When they are sick, they act imperfectly. They leave the bad matter in. Sometimes they take out the good.

There is nothing more poisonous than bad blood.

A proof of this is rheumatism. It is simply a blood poisoning caused by the bad matter left in the blood by sick kidneys.

Bright's disease is the kidneys working the other way—taking the good food out of the blood.

Both kinds of kidney sickness are dangerous.

Both can be cured by Dr. Hobb's Sparagus Pills.

One of the most wonderful facts of our body is this natural filter inside us. Our kidneys are very important organs. We don't take enough care of them. We are sick oftener than there is any need for. It is simply because we take no heed to our kidneys.

Sick kidneys show their effects in many different diseases.

Rheumatism and Bright's disease are very common. Anaemia, neuralgia, pain in the back, dizziness, bladder troubles, gravel, diabetes, sleeplessness, nervousness.

These are only a few symptoms or so called "diseases." Back of them there are the sick kidneys.

Once the filters can be made to work, all these symptoms will disappear.

Dr. Hobb's Sparagus Kidney Pills are made principally from the roots of the asparagus plant, which has a special curative action on the kidneys. It gives them new life and strength. It helps them to do their work as it ought to be done. It cures their sickness. It cleans and renews the filter.

When the kidneys are well you will feel a great difference at once. Your complexion will clear, and your whole body will get renewed life and freshness.

This is the effect of Dr. Hobb's Sparagus Kidney Pills on the sick kidneys, of the re-vitalized kidneys on the impure blood.

With a course of Dr. Hobb's Sparagus Kidney Pills you will get new life. They will cure you when other medicines, which do not reach the real seat of disease, cannot help you.

Dr. Hobb's Sparagus Kidney Pills are for sale by all druggists, price 50 cents per box, or will be sent prepaid to any address on receipt of price.

An interesting booklet, explaining about the kidneys and their power for good and evil, sent free on request. Address Hobb's Medicine Co., Chicago, or San Francisco.

GREAT WAR PLAY IS COMING

"Alabama" is an Attraction That Quickens Each Patriotic Impulse.

Mr. Thomas has not aimed to do much in "Alabama" except to tell a pretty love story and show the American people that the war is a thing of the past and that love is stronger than sectional resentment. He has shown, as his lines indicate that sectional resentment is eighteen years behind the times. He has caused the shouters of sectionalism on both sides of the Mason and Dixon's line to realize that there is a new south and a younger generation; that there is a new north and a younger generation; that they are all Americans and those who do not want to keep up with the procession, have to go to the rear. The company presenting "Alabama" this season is better than ever, and includes Frank Bangs, Clement Bainbridge, George B. Miller, Edward B. Kelly, Robert Connors, Dwight Allen, Ethel Irving, Zoe Halbert, Charlotte Crane and Adelaide Sawyer.

A ROW IN THE TABER COMPANY.

A Legal Fight Likely to Follow Actor Coleman's Dismissal.

A large-sized row is on between the management of the Julia Marlowe-Taber company which is soon to play in this city, and Thomas C. Coleman, a well known actor of the company. The occasion for it was the tardiness of half an hour of Actor Coleman at a rehearsal and Mr. Taber's criticism of him on that account.

A wordy discussion took place between Messrs. Taber and Coleman in the presence of other members of the company, following which the actor received a letter dismissing him from his employment at the end of two weeks. As Mr. Coleman holds a thirty-six weeks' contract he says that he will hold his employers for pay for the full time and it is likely that the courts will be called upon to settle the difference.

AGED MAN'S DEATH DUE TO EXPOSURE

LEWIS PRAMER FOUND HELP. LESS AT SHOPIERE.

He Had Wandered Away From His Home Near Sharon While Ill and Was Out All Night in a Driving Rainstorm. His Death Resulting Soon Afterward.

Weak from old age, footsore from his long walk, and benumbed by exposure, Lewis Pramer, an old and respected resident on the state line, near Sharon, wandered into the village of Shopiere, and then fell helpless to the ground. Two days later he died, as it is believed, the result of the hardships he had endured. Mr. Pramer, who was one of the oldest settlers in that part of the state, wandered away from home while ill, and walked as far as Shopiere where, weak and weary from exhaustion and hunger, he was found in a very helpless condition. Charles Chadsey, formerly of Sharon, but who now resides with his sister, Mrs. Fonda, at Shopiere, recognized him and at once telegraphed the facts to friends at Sharon, who went after Mr. Pramer and brought him back. He was out all night in the drenching rain, and the exposure is believed to have had a fatal effect on him.

It is the opinion of his friends that he intended to visit with his brother George and other relatives at South Grove, but lost his way and in a bewildered state of mind, wandered in an opposite direction from where he was intending to go in the start. He was seventy-eight years old.

GIRL MADE TRAINMEN TROUBLE

Young Lady From Sunny Italy Didn't Want to Show Her Ticket.

The Northwestern's rule that all passengers must show their tickets before getting on a train must be enforced, the company says, but it makes the trainmen considerable trouble. A bright looking young lady tried to get on the Janesville "accommodation" at Sharon but was stopped by brakeman Frank McMead and requested to show her ticket. She demurred and made a scene but the brakeman was obdurate and she had to yield. By this time her Italian blood was up and after getting comfortably seated, she gave the audience the benefit of her foreign tongue until she was advised by Conductor Thomas to either "cut it short or get off."

A TALENTED YOUNG MUSICIAN

George Dower of this City Receives High Honors.

George Dower, of this city, although but nineteen years of age, is making rapid progress in music. He has lately received a very flattering letter of recommendation from as high an authority as Calvin B. Cady of Chicago. Mr. Dower has devoted a number of years to study, having taken a course of seven years in Milwaukee, while for the past two years he has been under the instruction of Mr. Cady who ranks as one of the most successful instructors in Chicago.

BRIEF BITS OF LOCAL NEWS

It's the mind we are convincing these hot days. You don't feel like purchasing heavy fall clothing when its possible for a hen to lay baked eggs in the sun, but this cannot last forever. You are thinking of fall clothing, have even decided on just what you are going to have. We want to get you headed in the right direction when the start is made to buy. Our stock is the best this year, both in assortment, style and pattern, that we have ever had. Frank H. Baack.

FROM the time the timber is cut in the woods and the iron is shapad from the crude bar to the finishing of the material on Henney buggies the work is watched and tested in many ways. BEAUTY.

HOW TO INCREASE IN WEIGHT AND OTHERWISE IMPROVE ONE'S PERSONAL APPEARANCE.

Every normally constituted man and woman wants to look well. This is natural and right. We have little sympathy for those people who through indolence or gluttony have permitted themselves to take on too much flesh. They know that by living abstemiously and taking plenty of exercise they can get back to their normal weight.

We do however have a great deal of sympathy for those poor, pale, thin sufferers who either have no appetite or else whose food distresses them to such a degree that they are forced to live on a most frugal diet.

"Going into a decline." How often do we hear this expression. What does it mean? It means that people are losing flesh, growing thin, wasting.

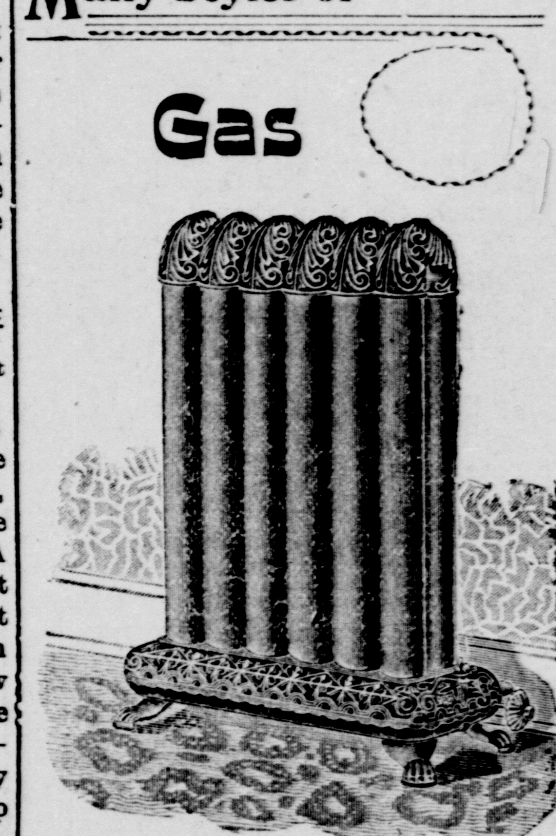

Their trouble arises from the fact that they are unable to digest sufficient food and when the stomach is out of order and fails to do its proper work, foods are worse than useless. They simply ferment in the stomach and fill the system with poisonous principles.

What these people need is something that will digest their food after it has been eaten, and it is in just such cases that the Digestive Cordial as made by the Mount Lebanon Shakers is proving remarkably successful.

It is so prompt in its action that a sense of relief almost immediately follows the first dose, and a rapid increase in weight is soon noted.

The Shakers have issued an interesting pamphlet which may be obtained upon inquiry at any drug store.

HOW THE TUNE CHANGES.

Three years ago the democratic newspapers and stump orators were industriously denouncing the alleged development of a large tin plate industry in this country in consequence of the McKinley tariff as an unadulterated humbug. They insisted not only that no tin plate was made in this country, but that it couldn't be made. Now they tell us that the tin plate industry has grown and flourished to such an extent that any statement that it is no longer profitable under existing conditions is an unadulterated humbug. The difficulty in both cases might be supposed to arise from lack of precise information. As a matter of fact, it was supposed to be for the political interest of the democratic party in 1892 to deny that the republican tariff had resulted in laying the foundations of a great new national industry. Now it is for their political interest to deny that it is being destroyed by the democratic tariff.

SYMPATHY FOR CUBA

The mealy-mouthed promises Spain makes about reforms in Cuban affairs do not deceive anybody. Just such promises were made during the rebellion of 1867-78 and were disregarded as soon as the emergency was passed.

In view of all this it is easy to see why sympathy with the insurgents is increasing in the United States. The Cuban forces will get more aid in men and money from this country even than they have thus far obtained, and the enforcement of the neutrality laws by the government will become more and more difficult. Free-men everywhere naturally sympathize with a people struggling to liberate themselves from barbarous rule. This particular barbarism is right at our own doors and the people it oppresses are closely bound to us in trade relations. Every victory of the Cubans over the Spaniards is hailed with pleasure in this country.

FAIR ROW IS NOT ALL.

It isn't beer at the state fair that has caused all the stir this week. The thing Wisconsin people object to is the power brewers are coming to have in state affairs. Brewers' money crowded a law through, permitting the sale of liquor around soldiers' homes. Brewers' money turned the state fair into a pool-selling, horse-racing, beer-drinking festival. Before another step is taken Wisconsin people are disposed to give the brewers a lesson.

CAN'T BE MADE TO AGREE.

All that has been done by the Wisconsin board of arbitration so far only emphasizes its uselessness. The state has no power, even if it had the right, to fix the rate of wages; and so compulsory arbitration can never play an effective part in the adjustment of labor controversies. Such controversies usually relate to wages, and wages can be regulated only by the mutual and voluntary action of employers and employees.

How many people really suppose that John R. Gentry and Joe Patchen have done any racing this summer? The series of hippodromes they have figured in on the trotting tracks of the country put the late Phalaris T. Barnum far in the shade.

Cotton has gone up 55 per cent while silver has advanced but 10 per cent. We were told not long ago that the price of cotton and the price of silver were in close relation. Has somebody been fooling with the ratio again?

State fair people were short-sighted. A place within a mile of Milwaukee where beer cannot be had would have been a greater novelty than anything the fair has brought forth in years.

THERE'S REASON IN IT.

DOGS DO NOT HAVE DYSPEPSIA.

Science Explains Why.

It may not be of surprising interest to learn that dogs are very seldom troubled with indigestion, but the curiosity of science by revealing the reason of the dogs vigorous digestion will undoubtedly prove of great benefit to the thousands of American men and women who suffer, year in and year out from some form of indigestion. Stated in a few words, scientific investigation proves, that the gastric juice in the dogs stomach contains six times as much pepsin and twice as much hydro-chloric acid as the stomach of a man. It is the lack of gastric juice, pepsin and hydro-chloric and lactic acids that causes so much dyspepsia and stomach weakness and science has not been slow in supplying the treatment so plainly indicated, and the most successful and safest remedy ever advanced for the cure of indigestion is Stuart's Dyspepsia Tablets, because they contain the Vegetable and fruit acids, pure pepsin, ginger and Golden Seal; they supply what every weak stomach lacks. They increase the amount of gastric juice, they digest the food perfectly. Rest and nourishment is Nature's cure for every disease and Stuart's Dyspepsia Tablets cure dyspepsia because they rest the overworked stomach and nourish the body.

Taken after meals they digest the food thoroughly before it has time to ferment, sour and poison the blood and nerves. Full size package of Stuart's Dyspepsia Tablets are sold by druggists at 50 Cents, or by mail prepaid from The Stuart Co., Marshall, Mich.

CROW BOY IS DEAD DESPITE ALL CARE

DIPHTHERIA DOES QUICK AND FATAL WORK.

Lad Was Able to Walk Up the Stairs to Dr. Edden's Office Yesterday Afternoon, But the End Came Early This Morning—Many Children Have Been Exposed.

Diphtheria did quick and fatal work in the case of six-year-old Charles Crow. As was stated in last night's paper, young Crow was brought to Dr. Edden's office yesterday afternoon and walked up the stairs unassisted.

Twelve hours later he was dead. The lad was taken sick about a week ago, but as he did not appear to be very ill, the family thought he was suffering from some of the minor ailments with which children of his age are so frequently affected. Finally they decided to call on a physician, and at 3:30 o'clock yesterday afternoon they came into Dr. Edden's office. The boy was able to get around as usual, and walked up stairs and into the physician's office the same as any other boy would. When the mother told the doctor the condition and symptoms of the lad's illness, the physician began to look grave and examination confirmed his suspicions.

Child Had Diphtheria. The child was suffering from an aggravated case of diphtheria, and the doctor at once ordered him taken home and put to bed. Later in the evening the doctor hitched up his horse and started for the Crow home, in the town of Janesville, to notify Health Officer Thomas Little of the contagion. Then he learned that the boy had been taken care of and that the proper precautions had been observed, but the remedies he had given were administered without avail. Death had set its stamp on the lid, and at 4 o'clock this morning his spirit took its flight. The family, who had not been concerned at all until they learned the dangerous character of the disease, were nearly distracted by the lad's death, and refused to be comforted. The funeral was strictly private and all chance for the spread of the disease was guarded against, both by Dr. Edden and Health Officer Little. However there is much apprehension felt about the Crow home.

Many Children Exposed. The spirit of uneasiness is well founded too. The boy whose death occurred last night, had been playing with the other children in the vicinity almost to the final hour as his parents and the neighbors were ignorant of the nature of his disease and he was not sick enough to wish to stay indoors. Mr. Crow's nearest neighbor, a German family, live about eighty rods distant. In this family there are six children all of tender age. They had been with the Crow boy a good deal of the time and hence had been exposed to the scourge. Beside these children there are four younger ones in the Crow family all of whom were with the dead child almost constantly. Dr. Edden examined these children and said that none of them had yet been attacked, but the disease, may develop later on, although every precaution to prevent such a thing has been adopted. Neither are there any evidences of the scourge in the family of the neighbor, so all are waiting anxiously and hoping for the best.

RYAN'S CASE IS ADJOURNED

Beloit; Man Will Be Tried on Oct. 2—Drunk in Court.

Patrick Ryan, alias "Bolivar" was before the municipal court this morning, charged with resisting Night Officer Brandt at Beloit, it being his second offense, but the case, by consent of the parties was adjourned until October 2 at 10 o'clock a. m. Ryan was examined at Beloit and held for trial before Judge Phelps. A jury will be drawn to try him when the case comes up the next time.

Mrs. Nora Dulin, the wayward, was again a defendant in the municipal court this morning, Officer Hogan charging her with being a vagrant. Nora denied the charge and pleaded not guilty.

"When do you want to be tried?" the court asked.

"Day after tomorrow, judge, your honor," she replied.

"That would be Sunday" suggested Clerk Williams, so as to accommodate Mrs. Dulin, the case was set for Monday morning and in default of \$50 bail Nora went back to jail.

James Collins of Rhode Island, who was "going home from Eau Claire where he was he had been visiting his aunt" was with Mrs. Dulin when Officer Hogan came along, the policeman took Collins to jail too. Collins begged hard to be allowed to go on toward New Jersey, so the court gave him one day in jail, so as to allow him time to select the best railroad route to his destination.

Thomas Connelly who was "just drunk" pleaded guilty and was sent to jail for five days in default of \$3 fine.

AN AX AND A RIFLE WERE HILT'S TOOLS

JACKSON STREET MAN MAKES A MURDEROUS ASSAULT.

After Driving His Wife Out of the House With the Ax, He Fires Three Shots at the Crowd That Responded to Her Screams for Help.

William Hilt chased his wife out of the house with an ax this afternoon. Then he grabbed a rifle and shot three times at the crowd that congregated in response to Mrs. Hilt's calls for help.

Now he's in jail.

Hilt lives at the foot of Jackson street and is a mason by trade. He got on a drunk today, the neighbors said, and coming home in an ugly humor, began to abuse his wife.

Words failed him after awhile, and grabbing the ax he made a rush for her. Mrs. Hilt screamed for help, and then started to run. Hilt swung the ax about his head and let it fly.

The weapon whirled through the air, and Mrs. Hilt dodged it, but it crashed through the screen door and hung there by the handle. By this time help came, and Mrs. Hilt took refuge in the house of a neighbor.

Hardly had the rescuers left the house when Hilt reappeared on the veranda. Quite a crowd had gathered by this time, and their presence seemed to enrage the drunken man still more.

Fired Three Shots.

After taking one look at the crowd Hilt rushed back into the house and an instant later reappeared clutching a repeating rifle. Then the crowd began to scatter. Hilt leveled the gun and fired three shots, but was too drunk to have a steady hand, so the balls flew wide of the mark. Then he took the gun back into the house and hid in the residence of a neighbor.

About this time Officer Hogan appeared on the scene and dragged Hilt from his hiding place. In the meantime, a neighbor had jumped on a horse and galloped to the jail, and as Hogan reappeared with Hilt quivering in his grasp, Sheriff Appleby and Constable Cochrane came on the scene.

Hilt was then loaded into the Sheriff's buggy and the horses head turned toward jail. Hilt was quiet enough until River street was reached and here he seemed to realize that he was going to jail and made an effort to escape. Officer Cochrane and the sheriff quickly subdued him, however, and a few minutes later the cell door clanged behind him.

Mrs. Hilt made a complaint against him this afternoon and he will probably be brought into court tomorrow.

MR. AND MRS. FAVILLE BURNED

Appleton Pastor and His Wife Have a Very Painful Experience.

The Rev. John Faville, pastor of the Appleton Congregational church and his wife who are well known here were severely burned yesterday afternoon. A preparation of turpentine and rosin for floor polishing was heating on the stove when it boiled over and took fire. Mr. Faville seized the pan when Mrs. Faville stepped to his side and in turning he jostled against her, spilling the burning liquid on her neck and shoulder and setting fire to her dress. In putting out the flames of his wife's clothing, Mr. Faville received additional burns about the hands and arms. The injuries to both are very painful, but not dangerous.

RACERS AT THE JANESVILLE TRACK

A Car of Horses Arrived Last Evening From Milwaukee.

A car of race horses arrived in the freight yards last evening and were unloaded this morning. They came from Milwaukee and included E. F. Carpenter's horse, Dolly H., and four of the Hanson string, including Maggie Almont, Bedford, Sarah Shelton and Bedmark. The others of the Hanson string, in charge of Robert Carmathan, left the Cream City for Dubuque. The four horses shipped here were not considered fast enough in their class to take to Dubuque, so it was decided to ship them here for a few days' training.

ENGINE HIT A BOY ON THE FOREHEAD

CHILD KILLED BY A PASSENGER TRAIN.

He With Several Others Was Playing On the Track, and While the Others Got Away In Safety He Was Struck and Knocked Into the Grass.

Freddie Rosenthal, a boy about four years old, was killed instantly by a passenger train this morning.

With several other children he was playing on the track near the Beloit brass works. As the Dakota train pulled in the children scattered, and all seemed to be clear of the track, but little Freddie must have turned.

The engine pilot struck him squarely in the forehead. Limp and lifeless he was lifted off his feet, across the ditch and into some grass. Then his body fell stretched out as if in sleep, but with a great wound in the head.

Passengers who hurried forward as the train stopped were sickened by the sight, and turned away. The little group of frightened children stood back as the trainmen picked the dead child up and carried him to a house.

It was hard to tell how the boy stood when struck. All the other children had warning of the train's coming, and got out of the way. He, too, had started, but when overtaken he was in such a position that the pilot struck him fairly across the brow.

The little boy is the second of the Rosenthal family killed by the cars. He was accompanied by his little sister. Their mother was sick in bed, and was almost prostrated when the news came to her.

Jack the Giant Killer
Was not a more persistent foe of the huge ogres he demolished than the great national tonic, Hostetter's Stomach Bitters, is to all manner of all disagreeable symptoms caused by indigestion, constipation or biliousness. Heartburn, sick headache, loss of appetite, sleeplessness, yellowness of the skin, nausea, fur upon the tongue, are manifestations always removable by the Bitters. Thoroughness, promptitude characterize its remedial work. As a safeguard against malaria it has achieved a world wide reputation, the foundation of which was laid forty years ago. Physicians speak of it in the highest terms. Its efficacy in rheumatism and kidney trouble is well ascertained. It improves sleep, visits weary brains and overwrought nerves when it is used. It is suited to the most delicate and fastidious of invalids. It fully merits a fair and continuous trial.

If the Baby is Cutting Teeth.
Be sure and use that old and well tried remedy, Mrs. Winslow's Soothing Syrup for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Chairman H. E. Taubeneck.

The above is a portrait of H. E. Taubeneck, chairman of the national committee of the People's party. Mr. Taubeneck has held the important office for three years. His term will expire next year, when the nation convention meets to name candidates for president and vice-president of the United States. He makes his headquarters at Washington, and has spent the last two years organizing his party for the campaign of 1896. He is rather conservative in his conduct of affairs political, and for this reason is not popular with a large wing of his party.

How many young men and young women are cut off just when the future seems brightest and fullest of promise! They are taken away by the disease which causes over one-sixth of all the deaths in the world—the disease which doctors call consumption. There is absolutely no reason in the world why consumption should be fatal—why it should be even serious. It is a disease of the blood, and can be cured absolutely and always by purifying and enriching the blood. The only exception to this is the case where the disease has been neglected and improperly treated until it is stronger than the body—until the body has become so weak as to have lost the ability to recuperate. Dr. Pierce's Golden Medical Discovery will cure 95 per cent. of all cases of consumption if used according to directions. It also cures all lingering coughs, bronchial and throat affections.

\$3,500 SUBURBAN COTTAGE.

Design For a Picturesque Yet Simple and Convenient Country Home.

[Copyright, 1895, by George Palliser, Architect, 32 Park place, New York.]

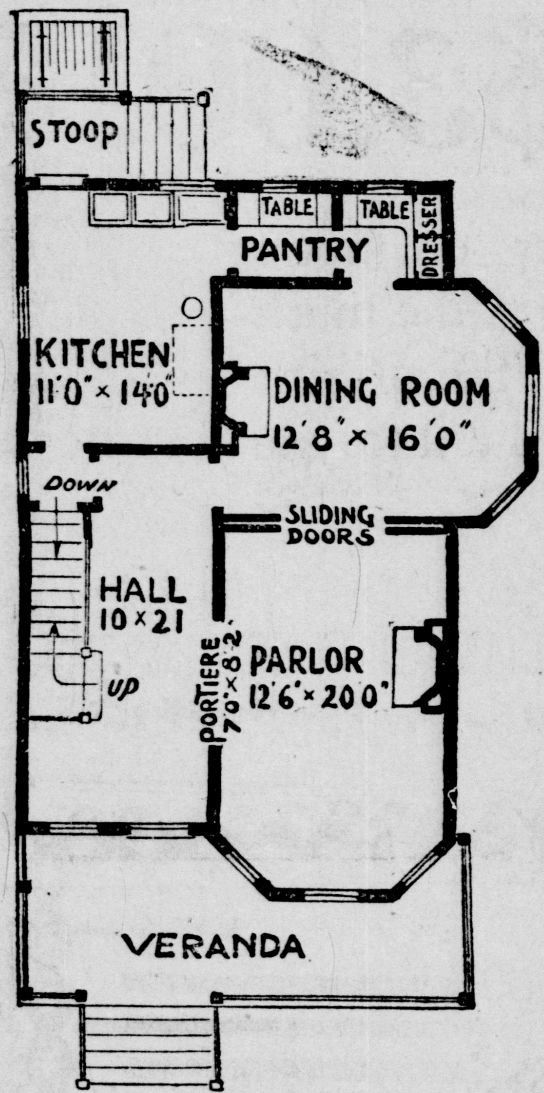

Without going into details of construction, sanitary arrangements, etc., I will say that utility should always be the first and chief thing to consider in planning a suburban house. If this is not so, it will come far short of what is required of it. An ugly building in the landscape is as offensive to the eye of the educated and refined as a disagreeable odor from the drain to the nostrils, while the latter can be much more easily remedied than the former.

The exterior should be studied with a view to make it picturesque. In asking and expecting picturesqueness in the ele-

PERSPECTIVE VIEW.

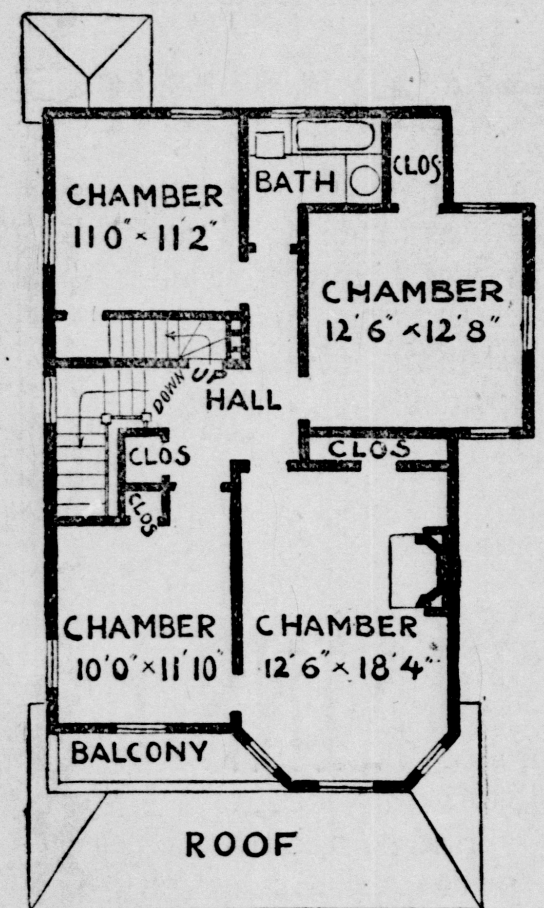

variations, as the growing taste of the people expects and asks for, and with justice, it is not asking for a more expensive building, for the picturesque is not produced by expenditure, but by skillful thought in the design, and a picturesque design may not cost a dollar more than the ugliest one it is possible to build. A very simple feature on an exterior will often completely change the entire aspect and lead up to success, and every house built should be studied so its prominent parts will be brought fully into play and the artistic treatment conform to it in every respect.

FIRST STORY.

for it is not expense and elaborate detail, but design, that produce beauty. Indeed the same materials and labor bestowed on an ugly building will always, if guided by good design, produce a beautiful building.

A two story frame cottage suited for erection on a lot 35 to 50 feet front. Front, 28 feet 6 inches; depth, 40 feet. Height of stories: Cellar, 8 feet; first floor, 10 feet; second floor, 9 feet 6 inches. Cellar walls of stone; cellar floors cemented; walls of first and second floors hard fin-

ished. Two or three finished attic rooms. Three open brick fireplaces with tile hearths; wood mantels to each. Frame solidly timbered, sheathed, papered.

First story, clapboard finish; second story, gables and roofs shingled; floors of yellow pine; finish of front hall, oak; dining room and parlor, whitewood, stained; other parts, white pine filled and varnished. Piped for gas, plumbed complete and with all sewer and water connections. Heated by furnace. Portable range in kitchen; outside blinds to all windows; staircase and hall windows in art stained glass; exterior work painted three coats; shingles two coats of creosote stain.

The Architect an Artist.

The greatest of all artists is the architect. His daily experiences habituate him and train his mind to the best arrangement of a multitude of diverse elements and materials coming to his hand, giving the best features of design with reference to the general effect and on a large scale as no other artist can accomplish in the same degree. Painters, sculptors and decorators work on parts of a whole, or on a whole of small dimensions. The architect controls and harmonizes every detail of a large or complicated building into one unity, giving a single and perfect effect, and herein lies the fact that his whole training is in his favor, and the measure of success is invariably assured when backed by practice and experience.

Diarrhoea should be stopped promptly. It soon becomes chronic. De Witt's Colic and Cholera Cure is effective, safe and certain. Hundreds of testimonials bear witness to the virtues of this great medicine. It can always be depended upon. Its use saves time and money. C. D. Stevens.

Sauk County Fair at Baraboo.

For the above occasion the Northwestern line will sell excursion tickets at reduced rates to Baraboo and return. Tickets on sale from Sept. 23 to 27, inclusive, good for return passage to Sept. 28, 1895. For tickets and full information, apply to agents, C. & N. W. R'y.

Easy to take, sure to cure, no pain nothing to dread, pleasant little pills. De Witt's Little Early Risers. Best for sick headache, biliousness, sour stomach and constipation. C. D. Stevens.

Jefferson County Fair.

For the above occasion the Northwestern line will sell excursion tickets at reduced rates to Jefferson, Wis., and return. Tickets on sale from September 30 to October 4, inclusive, good for return passage to October 5, 1895. For tickets and full information, apply to agents C. & N. W. R'y.

Children, especially infants, are soon run down with cholera infantum or "summer complaint." Don't wait to determine, but give De Witt's Colic or Cholera Cure promptly, you can rely on it. Use no other. C. D. Stevens.

Rochelle Fair.

For the above occasion the Northwestern line will sell excursion tickets to Rochelle and return. Tickets on sale at from September 16 to 26, inclusive, good for return stage passage, until September 27, 1895. For tickets and full information apply to agents C. & N. W. R'y.

THERE is no doubt, no failure when you take DeWitt's Colic & Cholera Cure. It is pleasant, cures promptly. No bad after effects. C. D. Stevens.

A Golden Harvest

is now insured to the farmers of the west and Northwest, and in order that the people of the more Eastern states may see and realize the magnificent crop conditions which prevail along its lines, the Chicago, Milwaukee & St. Paul R'y. has arranged a series of three (3) harvest excursions for August 29, September 10 and 24, for which round trip excursion tickets (good for return on any Friday from September 13 to October 11 inclusive) will be sold to various points in the West, Northwest and Southwest at the low rate of about one fare.

For further particulars apply to the nearest coupon ticket agent or address Geo. H. HEAFFORD, Gen'l. Passenger Agent, Chicago, Milwaukee & St. Paul R'y., Chicago.

BEFORE I could get relief from a most horrible blood disease I had spent hundreds of dollars trying various remedies and physicians, none of which did me any good. My finger nails came off and my hair came out, leaving me perfectly bald. I then went to

HOT SPRINGS

Hoping to be cured by this celebrated treatment, but very soon became disgusted and decided to try S.S.S. The effect was truly wonderful. I commenced to recover at once, and after I had taken twelve bottles I was entirely cured—cured by S.S.S. when the world-renowned Hot Springs had failed.

GRAND HAT OPENING!

THURSDAY, FRIDAY, & SATURDAY

ZIEGLER'S

THURSDAY, FRIDAY & SATURDAY

We Show The . . OLIVER STIFF HATS!

It is well known to the most of us that the Miller, Knox, Dunlap and Youman agencies are distributed in all the principal cities throughout the United States. All these well known makes of hats retail at \$5.00 each and at no less. The well dressed man always likes the best and correct shapes, but oftentimes dislikes to pay \$5.00 for a hat, that can only be worn about three months, or one season, when a new shape comes out. In the OLIVER we have provided for those who want absolutely the correct shape at a nominal price. We have selected two popular blocks which seem to be the most in favor in the western cities--the Dunlap and Knox. As an introduction the Oliver is made an exact duplicate of the Dunlap and the Knox. The trimmings are identical, sweat and hat bands positively the same as the original, block or shape absolutely the correct one. The quality although not quite as fine is the same stock as used in all the hats usually sold in hat departments at \$3.50 and by exclusive hatters in the city at \$4.00.

The OLIVER We Furnish At \$3.00.

And is sold with the positive guarantee that it is the correct shape and will give satisfaction to the wearer or money refunded. Why shouldn't you wear the proper block and save the extra \$2.00. There are many hats on the market that are called the precise shapes of the Knox, Dunlap, etc., but were a comparison to be made with the original would be found to be different materially. The Oliver is an exact duplicate. We shall be pleased to show it to you. Grand Opening, Thursday, Friday and Saturday.
